Thank you for your interest in participating in the 2024 BC Provincial Track Championships. Through the support of Cycling BC, the City of Burnaby, and the Province of British Columbia, we can welcome competitors, their families, friends and our community to the Burnaby Velodrome.

The Burnaby Velodrome Club is a not-for-profit society that offers Burnaby residents, athletes from Canada, the USA, and international riders access to year-round track cycling programming. For over 25 years, the Burnaby Velodrome Club has provided a facility to develop world-class athletes who have earned international recognition.

Come and race hard, race clean, and have fun.

Sincerely,

3. Competition Information

3.1. Race-Specific Information

- Sprint
 - The qualification for the Sprint tournament will be a flying 200m.
 - Seeding order will be determined by the qualification time.
 - Building upon UCI rule 3.2.031 (N), all match-sprint rounds will be one-ride sprints, except for the Elite M/W finals, which will be best-of-three. As per the schedule below, if time allows, the Master's finals may also use a best-of-three format.
 - If a category has fewer than eight starters, four riders will qualify, and the tournament will start with semi-finals.
 - The format of the Sprint tournament is subject to change based on the number of participants registered.
- Keirin
 - The format of the Keirin tournament will be based on the number of riders registered.
 - Distance = 1400m, seven laps. The pace bike completes 3.5 laps, bringing the athletes from 30 kph to 50 kph. After seeing four laps on the lap board, the pace bike pulls off on the track's backside (3.5 laps to go).
- Individual Pursuit (IP) and Time Trial (TT)
 - One ride only (final) for all categories except for ELITE M/W IP

- In the Elite M/W competition, if the top two riders are within 10 seconds, a final Gold – Silver medal round will occur later in the session.
- Time trial events use different distances based on age category and are run as a straight final (one ride only).
- Per the 2024 Cycling Canada companion guide, this event will use the 2024 UCI standard distances.
- Omnium
 - If more than 20 riders are registered in any category, there will be a qualifying points race but a shorter distance. An even number of riders will advance from each group to a maximum of 10 from each qualifying heat.
 - Riders must finish the previous omnium event (may not skip an event) to start the next omnium event.
 - Riders not influencing the race and are down at least two laps may be pulled from the race at the commissaires discretion.
 - Riders pulled from an omnium race will receive a red flag.
 - Riders pulled will lose 40 points from their overall omnium score.
 - The race organizer can combine categories and change distances at their sole discretion. Combined race categories will be scored as one race, and championship categories ([see 4.5](#)) will be separated after the race to determine podiums.
 - There is no omnium competition for Masters. As a result, medals are awarded for the Master's Scratch and Points Race.
- Scratch
 - UCI Art. 3.2.177: Riders overtaken by the main bunch shall immediately leave the track.
- Team Sprint (600m) & Team Pursuit (3000-4000m)
 - One ride only (final).
 - If riders need teams, composite teams are highly encouraged. Composite teams can include a mix of women and men teams.
 - Mixed-category teams will be placed in the most competitive category based on the rider with the highest-level license.
 - For example:
 - Elite if there is at least one Elite
 - U19 if there is at least one U19 and no elites or masters
 - Master A if there is at least one Master A and no elites or U19
 - U17 if there are no U19
 - Master B, if there are no Master A riders
 - Where a woman is on a mixed team, the team will be listed under men and then in a category based upon the above.

- Teams must be submitted to the registration desk near the beginning of the session.

3.2. Eligibility and License Information

- All athletes must have a UCI Race license (especially foreign riders) or a Cycling BC Provincial Race license.
 - Domestic licenses from other countries are not permitted. USA riders must hold a UCI Race license. However, a letter of permission to compete from USA Cycling is unnecessary.
 - Non-American foreign riders must hold a UCI Race license and show a letter of permission from their foreign cycling federation at packet pick-up.
- All athletes must be BC residents to be eligible for provincial championship jerseys and medals. Out-of-province riders can compete but are not eligible for medals or jerseys. Two podium ceremonies will occur if an out-of-province athlete achieves a podium finish.
- Non-BC residents must show their UCI license at packet pick-up.
- Non-BC residents must show proof of accident insurance at packet pick-up.
- A Cycling BC annual membership or single-event license is required for U15/Youth Ability-Based Racing on Saturday afternoon.

3.3. Provincial and Non-Championship Categories

- All competitors must enter their AGE class as shown on their license.
- **The winner of each championship category, regardless of the number of riders present, will receive a provincial champion jersey.**
 - If an athlete wins multiple championships, only ONE jersey is awarded.
 - If the jersey provided during the awards ceremony is the wrong size, Cycling BC staff will follow up afterward.
 - **If an athlete wins multiple medals, only a maximum of one gold, one silver, and one bronze medal will be awarded.**
- BC Championship Events awarding medals (no jersey) to the podium are:
 - Team Sprint (all ages)
 - Team Pursuit (all ages)
 - Masters Events (all ages)
- **[IMPORTANT UPDATE] Age categories will be combined based on the registration numbers and finalized at the team manager meeting before EACH DAY'S racing. Athletes will be scored separately [jerseys/medals].**

- Based on athlete registration, timed events with low registration numbers may leverage the timed gate. In contrast, categories with higher registration numbers may use two hand-held starters for fairness and run-of-show consistencies.
- The following title outlines which events are championship categories (award jerseys and medals = ✓) and non-championship categories (award medals = M):
